

# Private Label Program

The Pro1 private label program was designed to make your brand the focus of the installation. Many other private label programs make your companys name secondary to the thermostat brand. At Pro1, we'll put your brand front and center - where it should be. The Pro1 private label program also doesnt require you to stock expensive thermostat inventory. Just buy what you need. Snap off the Pro1 brand and snap on your brand. It couldn't be easier.

To get started, fill out this form and email it to [sales@itemp.net.au](mailto:sales@itemp.net.au)
